THE HISTORY OF CHINESE TEA

中國茶，源於神農，流傳四千餘載。初為藥引，漢代漸入尋常，至唐而盛。陸羽著

《茶經》，開茶道之先河；宋人尚點茶，明人興散泡，茶香一縷，貫穿千年。

茶，不止於飲。一杯佳茗，蘊山川靈秀，含詩書禮樂，更寄託了東方生活從容與雅致。

With a history spanning over 4,000 years, Chinese tea was first discovered by Emperor Shennong. Initially valued for its medicinal properties, tea became a daily custom during the Han Dynasty and flourished in the Tang, when Lu Yu wrote The Classic of Tea. The Song Dynasty celebrated the art of whisked tea, while the Ming popularized loose-leaf brewing a tradition we continue to cherish today. More than a beverage, tea is an invitation to pause. In each cup lies the essence of nature, the grace of poetry, and the timeless elegance of Chinese living.
